## State of Alaska Residential Real Property Transfer Disclosure Statement

Prepared in compliance with Alaska Statute (AS) 34.70.010 - 34.70.200

AS 34.70.010 requires that before a Transferee/Buyer (hereafter referred to as Buyer) makes a written offer of residential real property, the Transferor/Seller (hereafter referred to as Seller) must deliver a completed written disclosure form. This disclosure statement is in compliance with AS 34.70.010. It concerns the residential real property\* located in the Recording District, Judicial District, State of Alaska as listed below.

Recording District:	Kenai			
Legal Description:	Mooring Estates Sub Part 1 Lot 2 Bk 7			
Property Address/ City/Other:	317	Diane Ln	Soldotna	Ak 99669

\*Residential real property means any single-family dwelling, or two single family dwelling units under one roof, or any individual unit in a multi-unit structure or common interest ownership community whose primary purpose is to provide housing. AS 34.70.200(2) and (3) and AS 34.80.090.

**Exemption for First Sale:** Under AS 34.70.120, the first transfer of an interest in residential real property that has never been occupied is exempt from the requirement for the Seller to complete the Disclosure Statement.

**Waiver by Agreement:** Under AS 34.70.110, completion of this disclosure statement may be waived when transferring an interest in residential real property if the Seller and Buyer agree in writing. Signing this waiver does not affect other obligations for disclosure.

**Violation or Failure to Comply:** A person who negligently violates or fails to perform a duty required by AS 34.70.010 - AS 34.70.200 is liable to the Buyer for actual damages suffered by the Buyer as a result of the violation or failure. If the person willfully violates or fails to perform a duty required by AS 34.70.010 - AS 34.70.200, the Seller is liable to the Buyer for up to three times the actual damages. In addition to the damages, a court may also award the Buyer costs and attorney fees to the extent allowed under the rules of court.

*AS 34.70.020 provides that if a disclosure statement or material amendment is delivered to the transferee after the transferee has made a written offer, the transferee may terminate the offer by delivering a written notice of termination to the transferor or the transferor's licensee within three days after the disclosure statement or amendment is delivered in person or within six days after the disclosure statement or amendment is delivered by deposit in the mail.*

*AS 34.70.040(b) provides that if an item that must be completed in the disclosure statement is unknown or is unavailable to the Seller, and if the Seller or Seller's agent has made a reasonable effort to ascertain the information, the Seller may make an approximation based on the best information available to the Seller or Seller's agent. It must be reasonable, clearly labeled as an approximation, and not used to avoid the disclosure requirements of AS 34.70.010 – AS 34.70.200.*

All disclosures made in this statement are required to be made in good faith (AS 34.70.060). The Seller must disclose defects or other conditions in the real property, or the real property interest being transferred. The Seller does not need to include a search of the public records, nor does it require a professional inspection of the property.

If the information supplied in this disclosure statement becomes inaccurate as a result of an act or agreement after the disclosure statement is delivered to the Buyer, the Seller is required to deliver an amendment to the disclosure statement to the Buyer. An addendum/amendment form for that purpose may be attached to this disclosure statement.

Upon delivery to a buyer, any inspection/reports generated by a purchase agreement of this property automatically becomes an addendum/amendment to the property disclosure.

# Addendum I

Drainage Issues and Solutions at 317 Diane Lane  
April 9, 2026

## **2009**

During the spring thaw, water seeped into the basement from the backyard. As seven or eight large trees grew, the ground around their bases rose, causing melted snow to flow toward the house instead of toward the river. That summer, the trees were cut down and stumps removed. The yard was regraded so water would drain toward the river. Additionally, the rain gutter downspouts were repositioned to drain in separate locations.

## **2014**

Moose damaged the top of the bluff while climbing up a very steep section. Combined with dead spruce trees, we obtained permits for tree removal and bluff repair. After the dead spruce trees were removed, straw wattles were installed at the moose-damaged area. Alders and willows were planted, and hydroseeding was done. The site has fully recovered.

The paved driveway had sunk causing snow melt to drain toward the front of the house, seeping into the laundry room. Driveway was dug up completely. It was discovered that forest debris had been buried under the driveway during construction. All the debris was dug out and removed. The driveway was totally replaced and regraded so that water would flow away from the house toward the street. A dry well was installed at the southwest corner of the house to keep heavy rain gutter drainage away from the foundation.

## **2024**

During a particularly heavy rainstorm, the dry well overflowed and could not keep water away from the foundation. A flexible tube is now attached to the rain gutter. This tube redirects the water away from the foundation.
